SUBLIMATION APPAREL

CLIQ Teamwear is a unique Teamsports company that specializes in providing an unrivaled design and buying experience. CLIQ Teamwear is redefining the Teamsports apparel landscape by offering club partners a design and branding experience with our professional design team along with communication, transparency and second to none customer service.

Technical garments designed for optimal performance.

SUBLIMATION IS OUR SPECIALTY!

A history of involvement and understanding of sport and innovation in the product range has ensured our garments are tailored to the needs of all participants and this is evident in the extraordinary number of athletes and administrators running around in CLIQ Teamwear gear.

CLIQ CUSTOM TEAMWEAR

SUBLIMATION PROCESS

Dye-sublimation is the process of using high temperatures to transfer ink onto fabric.

Unlike heat-press or screen-printing, sublimation fuses ink into the fabric rather than coating its surface. Sublimated artwork will last the lifetime of the fabric and provides unhindered possibilities on design and colours. All names, numbers, club logos and sponsors can be sublimated onto garments.

Teams and Athletes across Australia and New Zealand choose CLIQ Teamwear to maximise their unique identities and inspire greatness both on and off the field.

CONTACT US!

Our experienced CLIQ Teamwear Account Managers will assist you through the following stages to ensure your team gear is delivered on time and on expectations.

SIZING & CARE INSTRUCTIONS

CLIQ Teamwear's commitment to the very highest standards in performance apparel means that our garments are not only technologically advanced but also resilient. Included here are some advisory notes intended to help you preserve the life and colour of your garments.

- All garments may be subject to some discolouring as of general wear and only partially washed off mud and grass
- Follow garment care labels to minimise any colour loss.
- Try to avoid leaving kit bundled together and srunched up when damp.
- Washing above 40 degress or tumble drying garments/ applications will seriously damage the products.
- CLIQ Teamwear will accept no liability should damage occur as a result.
- Do not overfill washing machines as dirt can re-deposit causing discolouration.
- After use, soak in warm water with appropriate (non-chlorine bleach based) detergent for approx 2 hours prior to washing in machine. This will help in removal of stains and reduce the chance of colour loss.
- CLIQ Teamwear will not accept liability for any discolouration derived from foreign elements other than those used in the manufacturing of the material.
